

Swapping DawnShader_V2 to DawnShader_SG

Hello my friend, I created DawnShader_SG by Shader Graph to compatible with all SRPs of Unity and also you can easier to update and edit shaders.

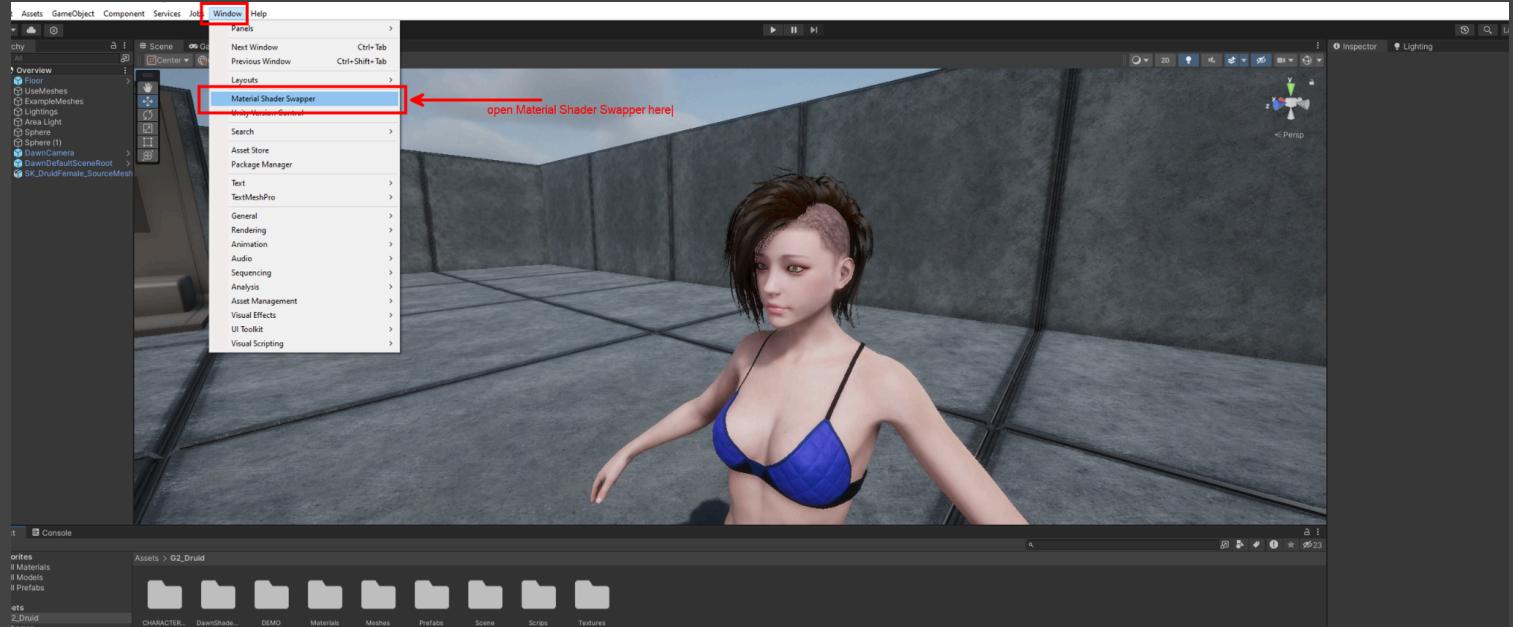

With all my new package DawnShader included, with my old packages you still can using DawnShader_V2 or swapping to using DawnShader_SG following this steps below:

(Only DawnShader_V2 can swapping to DawnShader_SG or revert only)

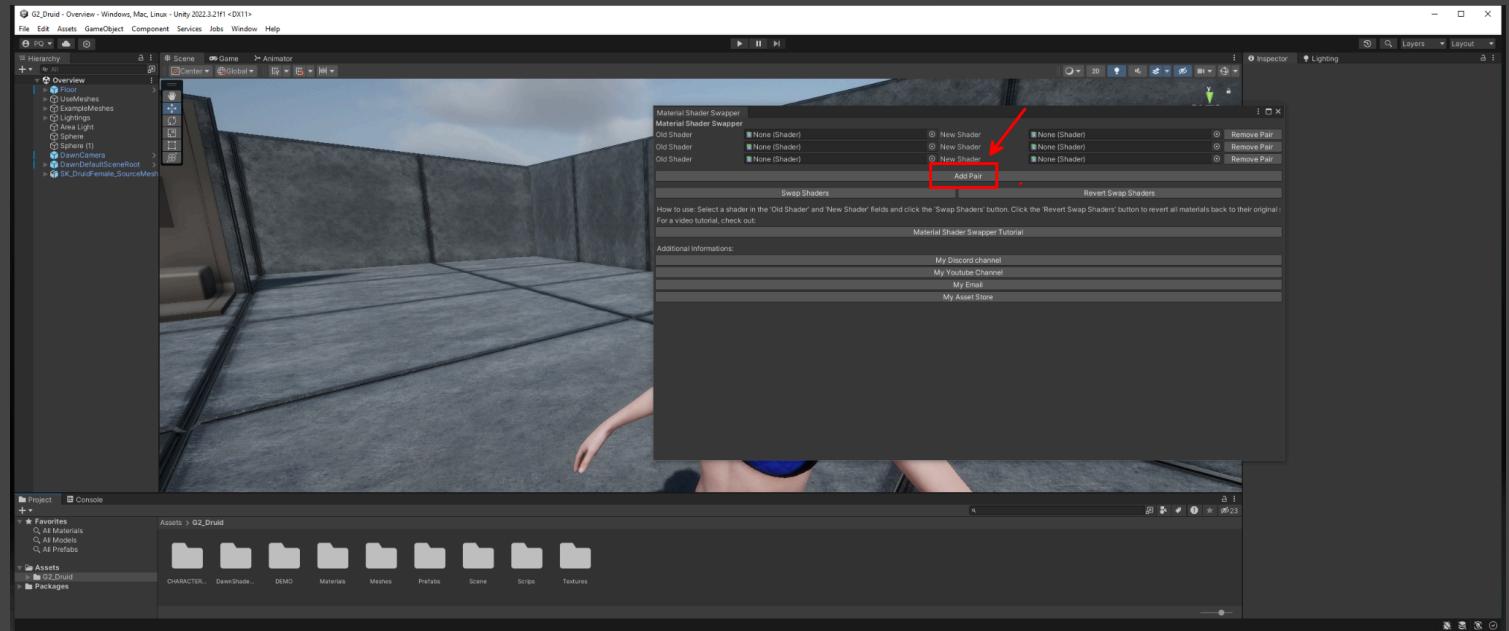

Step 1:

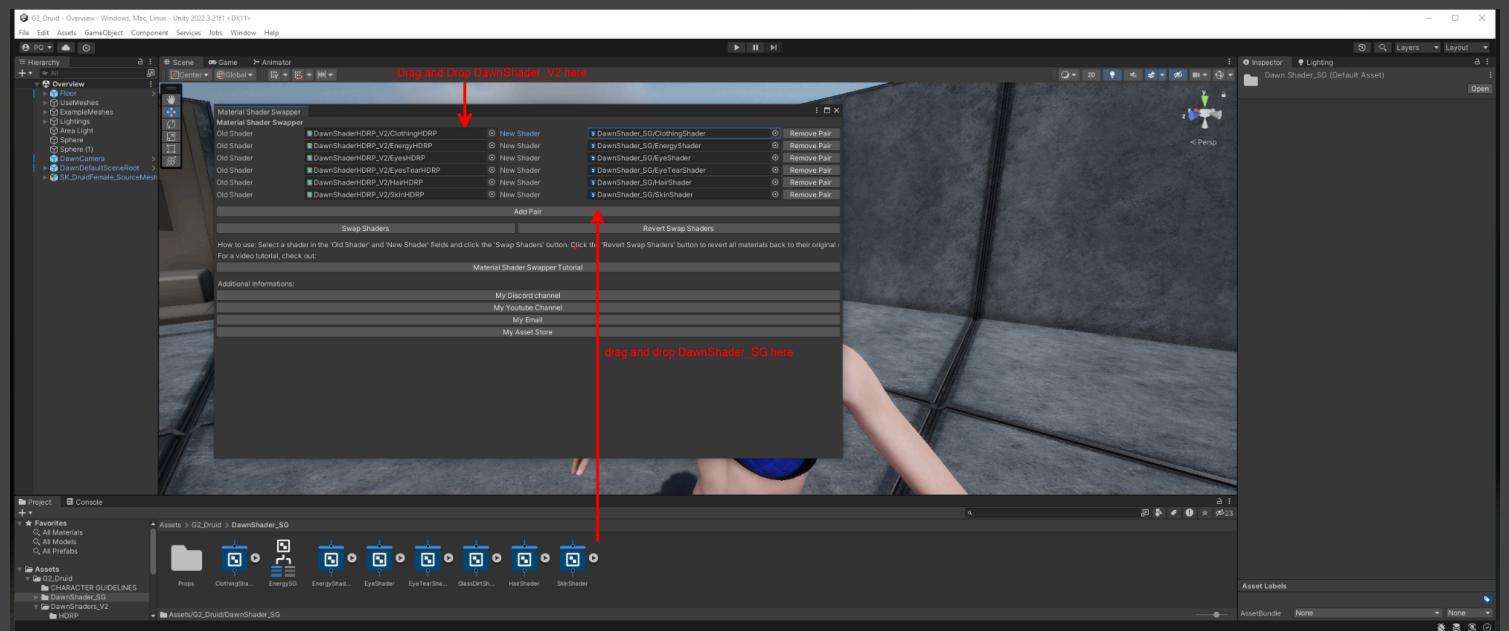

Step 2:

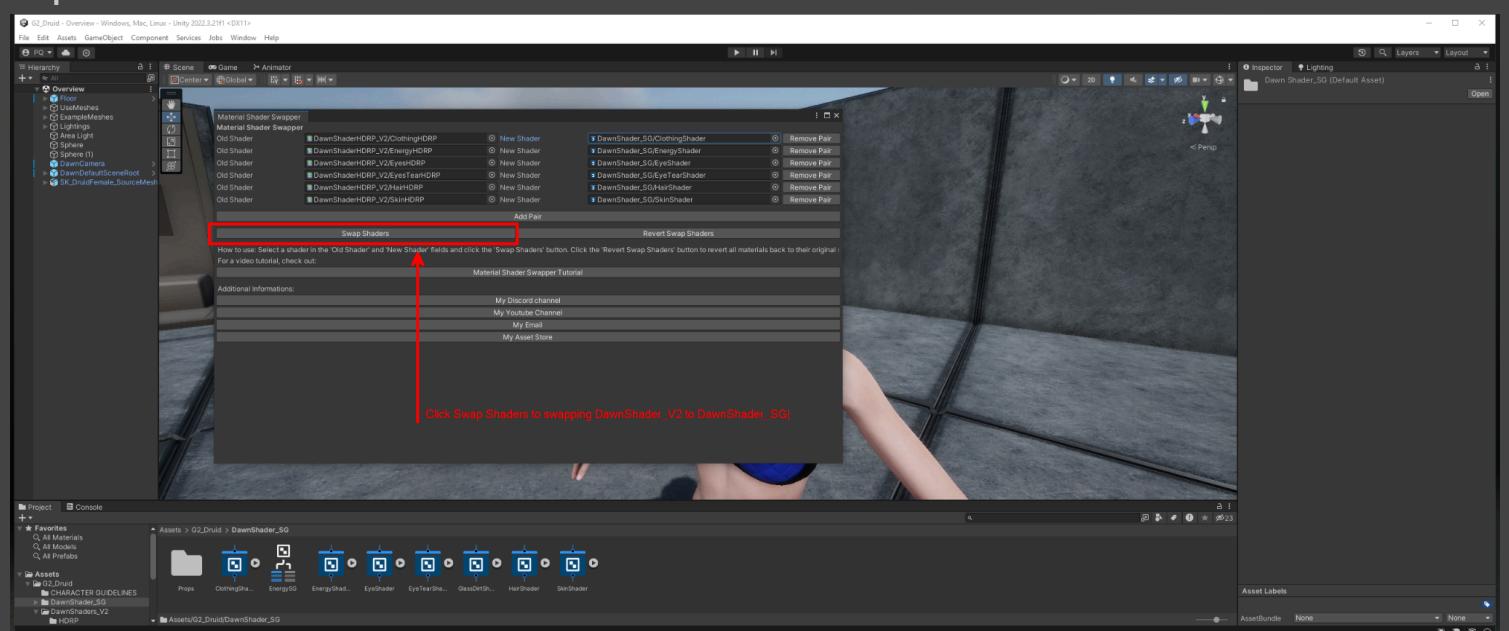

Step 3:

Step 4:

Step 5:

Alright, after do this steps all DawnShader_V2 will swapping to DawnShader_SG, make sure you fill correcting slot of DawnShader_V2 with DawnShader_SG, this Swapping Shader tool basically swapping shader in Old Shader slot to New Shader slot that why it must correct slots.

Let me know if you have any question.

Thank you for supporting me!
